

Introducing the Xavier Jesuit Academy

XAVIER
JESUIT ACADEMY

Opening in August 2024

Do you have a passion for educational excellence and the desire to support a new Jesuit elementary school in Cincinnati?

Xavier Jesuit Academy (XJA) gives young men the chance to become great men by guiding the trajectory of their education.

Beginning in August 2024, XJA will provide young men in Bond Hill and nearby neighborhoods with a challenging and disciplined approach to education, rooted in the Jesuit tradition.

- ❖ A scholarship-funded, faith-based education for young men in grades 3-8
- ❖ An environment of brotherhood with high academic standards
- ❖ A Jesuit Catholic education experience that develops and honors the culture and dignity of the whole person: body, mind, and spirit

Filling a need for quality faith-based education in our community **What makes XJA different?**

A unique and proven education model With smaller class sizes, Xavier Jesuit Academy follows the Jesuit Nativity education model which is designed to engage and encourage young learners during their formative years, so they grow up to be great men who serve God and others.

Academic excellence The Academy will provide a solid core curriculum focused on reading, language arts, mathematics, science, and social studies. Our teachers will foster the development of key foundational skills such as study skills, reflection, problem-solving, written and verbal communication, and critical analysis.

Enrichment activities Through an extended day model, the Academy will provide intentional programming for students with engaging options that are fun and complement the core academic curriculum. Students will be encouraged to participate in extra curriculars including athletics, fine arts, culinary arts, and community service opportunities.

Located in the heart of Bond Hill

Xavier Jesuit Academy is on the campus of the Church of the Resurrection. The former St. Agnes School building is being renovated to provide a first-class learning environment that is safe and nurturing and offers comprehensive programming to suit the individual growth needs of each student.

- ❖ Large and small group learning spaces to meet students' personalized learning needs, including STEM and fine arts programs
- ❖ Open areas that facilitate a cohesive student body and school identity
- ❖ New welcoming and secure atrium, plus common spaces for students, families, and community

School leaders who will positively impact the community

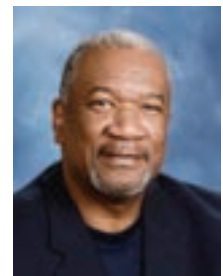

Fr. Nathan Wendt, SJ
President

Mr. Kyle Chandler
Principal

Mr. Michael Gong
Lead Teacher

Deacon Royce Winters
Pastoral Administrator
Church of the Resurrection

Become a part of something more!

Your financial support will allow us to build on the 500-year educational legacy of the Jesuit order of Catholic priests and brothers. Help us fulfill our commitment to provide academic excellence and holistic support for young men in our community.
